9TH ANNUAL

HTS2017

Hiscall Technology Showcase

- Discover a **1-day educational event** allowing you to view all that is available with today's business communications technology.
- HTS2017 will feature **various manufacturers of voice, data, audio visual, CCTV and cabling products**. You will gain a real value from the new products and technology, hands-on demonstrations and face-to-face meetings with product manufacturers.
- Attend the **Lightning Round**, featuring a quick 2 1/2 minute introduction with each exhibitor represented at the show.
- **Enjoy some laughs** presented by **comedian Mack Dryden**. Mack is quite simply one of the most powerful motivational speakers and stand up comedians working today. As a comedian he's performed on dozens of TV shows, including *The Tonight Show*.
- **Observe the Customer Panel** discussion: an engaging, Hiscall customer-led discussion, providing a before and after picture of customers' opinions and experiences with communication technologies.
